

## WRAP<sup>®</sup> Facilitator Training

The WRAP Facilitator Training is five intensive days of workshops that prepares participants to facilitate WRAP classes and equips them with the skills and materials to facilitate classes in your community and organization. It is a follow up for people who have completed Seminar I WRAP Courses.

The WRAP Facilitators course is an experiential learning environment based on mutuality and self-determination. Participants in this course will be expected to participate in interactive learning activities and demonstrate their own experience with WRAP.

This training is appropriate for anyone who would like to lead Mental Health Recovery and WRAP groups, work with others to develop their own WRAP and to give presentations on mental health recovery related issues to groups or organizations. Before attending the seminar, it is expected that you have familiarity with the different parts of WRAP through completion of one of the following prerequisites:

- ◆ Copeland Center Correspondence Course
- ◆ 2 or 3 day Seminar I Course
- ◆ 8 or 12 week Seminar I group or workshop
- ◆ WRAP Retreat

Additionally, participants should also have and use their own WRAP, or assisted and supported another person in developing and using their WRAP. All Seminar I prerequisite course must be conducted by a WRAP Facilitator.

### Testimonials from past participants:

*"Exceeded all expectations."*

*"Couldn't have imagined more supportive facilitators."*

*"I am 'on fire' for WRAP after attending this training."*

*"For me, this has been a life changing experience."*
